

Interplanetary Coin (IPC)

=====

Mission:

Interplanetary Coin (IPC) is building the future of decentralized finance creating a resilient, borderless currency for Earth, Mars, and beyond.

Overview:

IPC is designed to support financial systems in both terrestrial and interplanetary economies. By leveraging blockchain technology, IPC ensures secure, decentralized transactions for future space exploration and colonization.

Key Features:

- Decentralized: Built on the Ethereum blockchain
- Scalable: Designed for use in future space economies
- Secure: Leveraging smart contract infrastructure
- Visionary: IPC is more than a coin it's a movement

Founder's Reserve:

- 150M IPC allocated to the founders partner
- Custom wallets for family members
- Treasury fund for long-term sustainability

Utilities:

- Claim & Gift system for early adoption
- Founders Dashboard for real-time tracking
- Liquidity pool live on SushiSwap
